HOME
FAMILY SHELTER

Every day, hundreds of Arkansans reach out to domestic violence shelters for help. These people are our friends, family members, and neighbors.

As a local business, you have the power to create safety, stability, and hope.

This is why Peace at Home established the **Community Partner Program** and we'd like you to join us.

Together, we can work to promote healthy relationships and encourage compassionate communities here in our community.

WHY BUSINESSES SHOULD CARE ABOUT **DOMESTIC VIOLENCE**

Domestic violence doesn't stay at home: it directly impacts the workplace.

According to the Center for Domestic Peace, **the United States loses 8 million days of productivity annually to domestic abuse-related concerns**, with costs associated with domestic abuse exceeding \$8.3 billion annually.

Partnering with Peace at Home shows your employees and neighbors that your business cares and takes safety seriously.

Your investment allows Peace at Home to provide the vital services families need to build a violence free-life.

WHAT YOUR PARTNERSHIP SUPPORTS

24/7 Crisis Hotline
Emergency Shelter
